

Magner Currency Counter

The Magner 35 Series is an affordable, compact Currency Counter designed for outstanding performance, reliability, and simplicity of operation. Perfect for currency counting applications in retail stores, vending applications, utilities, teller line and educational institutions.

High quality control ensures consistency in the manufacturing of Magner's products and has been instrumental in making the Manger 35 series the "number one selling currency counter" in the United States.

It offers a host of standard features such as selectable speeds up to 1,300 documents per minute, touch sensitive controls, automatic start, error detection, user adjustable batch stops, and grand total accumulation of all notes counted.

SPECIAL FEATURES

- Three Selectable Speeds (600/1000/1300 notes/minute)
- 300 Note Input Hopper Capacity
- Variable Batch from 1 to 999 notes
- Microprocessor Controlled Operation
- Auto Diagnostic Test Modes
- 16 Ranges of Selectable Density Settings
- Error Detection of half note, double note, chain note, hopper jam, over count, under count, and door open errors
